Welcome back everyone to the new school year

This years test results, progress and whole school data is excellent and we are above national averages in almost all areas of the school. The full set of data will be published on our website once it has been verified. Your amazing support and partnership with the school benefits the children tremendously. School is almost full and we have received several request from parents to transfer their children into St Bede's. As always, we have an "open door " policy at St Bede's. If you have any questions or concerns we will be happy to help you. Please pop into school if you think we can help.

Kindest regards,
Mrs B Rizzi-Allan

Parent Support Advisor

Mrs Warr is our parent support advisor. She will be happy to help with all sorts of issues relating to your child and family.

Please ring school to arrange an appointment.
